- Insurance provided through *Hockey Canada*
- Regular Phys. Ed. class activities combined with other classes
- Field trip & tournament vs. other programs
- State-of-the-art training aids

\$350

All students are chosen through our application process. Students need to demonstrate a high degree of responsibility and a strong work ethic, as well as commitment to excellence on and off the ice. Students need to complete an application outlining their hockey playing experience and other pertinent information. Depending on the number of applicants, students may have to be interviewed in order to finalize the participants. St. Theresa's reserves the right to choose the participants in conjunction with the Equity Policy of this program.
